DOWNWARD COURSE

Fast Being Realized By Palestine People.

A little backache at first. Daily increasing till the back is lame and weak.

Urinary disorders quickly follow; Diabetes and finally Bright's disease.

This is the downward course of kidney ills.

Don't take this course. Follow the advice of a Palestine citizen.

Mrs. John Seavert, wife of John Seavert, boilermaker, of 119 DeBard street, says: "In June, 1902, when asked for my opinion of Doan's Kidney Pills I made a public statement to the effect that I had procured a few boxes of them at Bratton Drug Company's store and had treated myself for backache and other symptoms of disordered kidneys. During the year or more that has passed there has been no recurrence of my former troubles and I have had occasion to recommend them to several other people, who have followed my advice and have derived lasting benefits from their use. I am pleased to re-endorse the remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

THE "JIM CROW" LAW.

Galveston Street Cars Fitted Out Under State Law.

Galveston, Texas, July 11.—When the cars of the Galveston Electric Company are taken from the barn tomorrow they will be equipped with little signs bearing the words "For Whites" on one side and "For Colored" on the other. The effectiveness of the city ordinance on negro separation will have gone and in its place will be the new state "jim crow" law, passed by the last legislature and in operation from midnight tonight.

In compliance with the new law, the street car company has at an expenditure of several hundred dollars secured a large number of little signs, and placed the necessary sockets in the cars. In the summer cars the sockets have been fastened high up on the posts, and in the winter cars over the windows. The signs are about 4x6 inches in dimensions, and fixed so that they can be placed in any socket necessary to define the two compartments of the car. In each car will be two signs, one at each side, so that they cannot easily be overlooked by a member of either race.

PEOPLE UNCONCERNED.

On the Pacific Slope There is Not Much Thought of War.

Waco, Texas, July 11.—Sheriff Geo. W. Tilley, who was recently in California on official business, was asked whether he heard much talk regarding the chances of trouble with Japan, and replied that he did not. He said that the people did not seem to think there was going to be any war, and that most of it was newspaper jingoism and boasts for a bigger navy. The general sentiment there, he stated, was that there would be no war, and that the cloud would soon pass unless those who seem to want war in this country were allowed to dominate matters.

CAMPBELL DETAINED AT AUSTIN.

Governor Could Not Attend the Sheriffs' Convention.

Austin, Texas, July 11.—Owing to the fact that the penitentiary board convened here this week a day in advance, and remained in session for two days, the governor was detained here and could not visit the sheriffs' convention. It was impossible for him to leave.

Reeves County Legislator Can't Get Home Before Pass Expires.

Austin, Texas, July 11.—John F. McKenzie of Reeves county, in the far western part of the state, missed his train out of Austin yesterday morning, and before he reaches his home the anti-free pass law will be in effect, and he will be one of the first members of the legislature who will have to pay railroad fare. The law goes into effect Friday night at midnight. Mr. McKenzie left Austin last night, so as to be able to cover as much of the Sunset route in West Texas as possible before the law goes into effect. The law will go into effect while he is between San Antonio and Pecos City.
